

Scomac Services Quality Statement

Scomac Services recognises that quality is fundamental to the continued success and growth of the business. We are committed to excellence and exceeding the requirements and expectations of our customers in all aspects of products, service and value.

We maintain an excellent reputation for producing high quality work, for managing projects with minimal disturbance to others and for completing projects within agreed timescales and budgets. We seek to deliver products and services in a manner that is not detrimental to the Environment or to the Health and Safety of our staff, our customers and the general public.

Our objective of consistent high quality performance is met by mandatory adherence to procedures, through staff training and the development of personal responsibility for all employees.

This is achieved by:

- Internal management systems to monitor and maintain quality
- Compliance with relevant statutory and safety requirements
- Provision of all the necessary facilities and training to enable employees to achieve the required skill levels

Ultimate responsibility for quality within Scomac Services is that of the Directors and it is a mandatory requirement that all employees of the company follow the agreed procedures in order to maintain the level of quality expected within the company.
